Keep in Touch with Family Learning

Hello! This week we are celebrating the fact that, here in Britain, we have the whole world on our doorstep. So many of the stories, songs, and dances, as well as the food that we enjoy, have come here from all over the world and have become part of life in Britain today.

Share a book	Through books, children can start to become aware of the lives of people who are different in some ways to themselves - and can discover how, in other ways, they are just like them. Children also need to see something of themselves in the books that they encounter. Amazing Grace tells the story of a little girl who loves stories and learns that nothing should stop her from following her dreams! You might also enjoy sharing Sulwe's Song from the book Sulwe by Lupita Nyong'o. Younger children will love Ten Little Fingers and Ten Little Toes . I know that I do!
Busy Fingers	Nadiya Hussain's recipes are inspired by her roots in Bangladesh, food from around the world and traditional British food. She advises parents to let their children get involved in the kitchen as there is no better way to get children used to different tastes and textures. Mashing, mixing, chopping, sprinkling really gets those fingers busy and those taste-buds tingling!
Time to sing and move	Try bhangra dancing, or be inspired by dance moves that have come from Africa, South America or India. Try mixing up your own favourite moves with some new ones to create your own dance style.
Explore!	Enjoy some free digital theatre from Unicorn Theatre featuring the stories of Anansi the Spider which have travelled from Africa to America and are now much-loved in Britain.

Useful Websites of the Week

You can borrow books from [Buckinghamshire Libraries](#).

Click the link to find out what they are doing so that people can borrow and return books.

Do ask the librarian to help you find books that reflect the diversity within British society today. They will be happy to help you!
